

Exam Information

Aspect[®] CXP[™] Certified System Admin Hosted Professional

Product Supported

This exam covers topics specific to Aspect CXP when deployed within a hosted environment and is targeted primarily at system administrator seeking an Aspect CXP Certified System Admin Hosted Professional designation. Those taking this exam should have knowledge of CXP systems, interfaces, and fundamental application development. This also includes how to analyze live applications in CX Commander as well as manage them in the CX Business UI. System administration topics will cover Aspect CXP's cloud architecture, applicable usages of the Evolution portal, and the various differences between hosted and premise deployment environments. It is highly recommended that you review all available Aspect CXP guides, training, and reference documents prior to starting this exam.

If you cancel within 72 hours of the scheduled date, you will be assessed with a cancellation fee equal to the amount of the exam.
Target Audience	<p>The Aspect CXP Certified Hosted System Admin Professional assessment primarily targets system and site administrators using the Aspect CXP platform within an Aspect-hosted (cloud) environment. However, test participants are expected to have fundamental knowledge of CX application development, as well as know how to use its various interfaces. This includes, basic app development in CX Designer, troubleshooting in CX Commander, and service management in the CX Business UI.</p> <p>The exam's system administration content focuses on the high-level architectural components of a hosted Aspect CXP system, use of the Evolution portal, and the nuances regarding a CX hosted environment versus a premise environment. As such, the assessment validates a student's knowledge of these topics as well as other Aspect CXP components they should also have expertise in. Students who take the Aspect CXP Certified Hosted System Admin Professional exam are recognized as having achieved professional-level knowledge in all of the aforementioned topics.</p>
Eligibility	The Aspect CXP Certified Hosted System Admin Professional program is available and open to Aspect customers, partners, and employees. Passing an exam is only part of the process. The Aspect Education Services team will also need to verify your participation and attendance in the certification curriculum and verify you are eligible for an Aspect Professional Certification.
Preparing for the Exam	Aspect highly recommends that candidates seeking certification follow the certification tracks. The track along with work experience for 6-12 months will increase your chances for passing the exams.
