

## Exam Information

# Aspect® Workforce Management™ Certified Premise Professional

## Product Supported

This exam supports Aspect Workforce Management general usage within a premise environment. As such, it covers topics to achieve foundational knowledge to be able to perform basic forecasting, scheduling, tracking, and configuration within the Workforce Management software and a high-level understanding of the Empower and Perform enhancement packages. It is highly recommended that you review all available Aspect Workforce Management guides, training, and reference documents prior to starting this exam.
